~~Sorry for the clickbait.~~

I've made a couple posts here in the past, just like some random threads that were me saying hi. But I'm going to try and wiggle on into this MB, so y'all might be seeing some posts from me that aren't random threads which are me saying hi.

With that being said, hi! Some of you know me from the SAMB, some of you have never seen me before. To those of you who have never seen me or talked to me before, ahoy! I'm a self proclaimed meme lord (make sure you're not subbed to Tseries, we're in the end game now), and a semi-angsty teenager. Also, I play the bari/tenor/alto saxophone, clarinet, slide whistle, nose flute, and a bit of trombone. I just learned Megalovania on my tenor sax. Oh, and I procrastinate everything. I'm actually supposed be doing my math homework right now.

Does anyone have RP/FWRP reccomendations? I'd prefer something that hasn't gotten too confusing and/or deep for me to join, and something that isn't WoF oriented (I haven't read past like book 8 or 9 or something like that).

I'm from the SAMB as well. (I doubt you remember me) but I'm also starting to post in the WoFMB. Lol, I have to do my math homework too. Anyways, I just wanted to say hi.

Hi, I'm Ocean!
While it is a bit of work, I'd recommend GGaD (Gods, Goddesses, and Deities). While it is an older FWRP, it is still fairly open-ended.

Of course, CC (Color Coding) is a well established, easier to keep track of FWRP! I'd check both out, even if you don't plan on joining, as they are very popular right now.

If you're into the Percy Jackson series, CoI (Children of Ichor) is also worth checking out.

Hey Cyclone! I recently joined the FWRP, EH (essence of a hero. About superheroes and villains and stuff). It pretty good, and not a lot of plot has really developed yet. This place is a lot faster moving than the SAMB, but that's nice sometimes. Anyway, happy to have you here, and I hope you enjoy this little slice of madness!

(Not sure if my other post is going to go through, I'm still waiting on it.)

@Ray- So far, this is a very good slice of madness. And I'll peep out EH, if I join I might reuse my OC from "Warrior School" back on the SAMB.

Oh yeah, Warrior School! That was a pretty good one. I noticed it got bumped and a little more active. The plot just got so watered down, and random, that I had no motivation to PoV. But yeah, I remember your OC, super speed wasn't it?

@Everyone- Hola!

@Liyo- I think I recognize you from the SAMB. And you should do that math homework ;)

@Ocean- Thanks! I'll check those out, and hopefully join one or two.

@Moonflight- Hola!

@Ray- Yep, she has super speed. I'm POVing in it mainly because I want to kill off my OC before I leave, and I've got to agree that the plot got pretty messy and watered down. I think it would have been nicer is the monsters

took longer to appear, or if their appearance was more subtle. It was fun in its glory days, though.

Hello! Welcome to the best place ~~on Earth~~... I mean in Cyberspace! I would recommend you to some RPs, but I don't know any because I can't write, I tried once, and was so ashamed of my performance I promised never to touch a keyboard again... I never said I **kept** my promise. I'm a weak man.
